No:-PHSC/Actt/126-342

Date:- 13/11/2014

To,

All the Deputy Medical Commissioners,
PHSC.

Subject:- Payment of sanitation and bio-medical waste disposal services of Govt. hospitals.

The sanitation and bio-medical waste services of Govt. hospitals under PHSC are being continued on outsourcing basis. Earlier, the PHSC had been providing a budgetary support for these services out of the grant-in-aid received from the state Government. During the current financial year 2013-14, the budget provided by the state govt. has been utilized fully and further funds have not been approved as yet.

Recently due to hike in daily wages, the cost of these services has increased and it is not possible to give further budgetary support to the hospitals for these services. The hospitals have been authorized to utilize user charges to outsource these services. The office has already issued instructions to this effect.

It is, therefore, clarified that the payment of sanitation and bio-medical waste disposal services may be made out of the user charges of the hospitals. The hospitals who generate sufficient user charges may clear the payments of these services out of their user charges funds. Any hospital, not having sufficient user charges to meet out these expenses may refer their cases with their user charges position for support from PHSC.

The DMCs are requested to kindly get the payment released from the respective hospitals user charges accounts.

Managing Director
